Ascension Vendor Access Policy

The Resource Group and Ascension are grateful for our vendors' invaluable support to caregivers through assistance with procedures and delivery of training.

Our goal is to support safe, effective care at the lowest cost, so we can serve our communities, giving special attention to the poor and vulnerable.

We trust that our vendors have a similar goal of providing care to patients and want to support our goal as well.

Policy Detail

Policy Detail

Scope

WHO

“Vendor Representative” means a sales or service professional that represents a company or companies to The Resource Group and/or Ascension Participants including: physicians, nurses, buyers, purchasing agents, executives and other Associates that may be general users or influencers of the company’s product. Vendor Representatives represent manufacturers, distributors, service companies, and other organizations. Vendor Representatives generate sales, manage contracts, provide quotes, demonstrate products, make repairs, and perform many other duties generally associated with representing their company.

WHAT

All requirements apply to onsite visits. Applicable requirements apply to virtual visits and electronic/verbal communication.

WHERE

The Ascension Vendor Access Policy applies to all Ascension Participant sites of care, both acute and non-acute.

- Ascension Living is excluded

Scope

- The following are not considered Vendor Representatives for the purposes of this policy:
 - Contractors
 - Delivery service representatives
 - General or skilled laborers performing facility maintenance and construction
 - Installers installing equipment in non-patient care areas
 - Facility-employed project consultants
 - Clinical trial researchers
 - Third-party representative providing care or services directly to patients on behalf of the Ascension Participant

Please note: Post-Acute Representatives are not considered Vendor Representatives, but are defined and addressed separately in the policy

Credentialing

All vendor representatives must be credentialed through symplr, our contracted vendor credentialing system

- Symplr maintains:
 - Representative contact information
 - Immunizations records
 - Background check
